Discovering the perfect branding solution has never been easier!

Simplify your search for customization effortlessly with our Private Label Indicator. Spot our symbol in the catalog to identify products eligible for Private Label.

Visit www.privatelabel.safetec.com for more information and to start your journey.

Hello! Welcome to Safetec, where we take pride in offering top-quality infection control, first aid, over-the-counter (OTC), and compliance products. Established in 1992, we have over 30 years of experience in manufacturing. We've made it our mission to uphold the highest quality standards, which is why we strive to be compliant with FDA and EPA regulations and maintain a UL cGMP Certification*. Our diverse product line serves a variety of industries, providing solutions to minimize the risks of cross-contamination and meet safety guidelines, like OSHA and ANSI standards. We are committed to this mission, and we invite you to join us on this journey.

Based in Buffalo, N.Y., we operate three facilities where we oversee every aspect of manufacturing, from concept to product development through distribution. We employ over 120 dedicated professionals in the United States who work tirelessly to manufacture quality products. Whether you're seeking detailed information on our products or need a partner to bring your product to life, we are here to support you every step of the way.

At Safetec, our motto is simple:

One Team, One Goal. Customer Driven.

*Management System Certified by UL with regard to 21 CFR Parts 210/211

* Includes SaniZide Pro 1® Surface Disinfectant Wipe, EPA Reg. No. 88494-4-67161, which is an EPA-registered disinfectant manufactured at 887 Kensington Ave, Buffalo, NY 14215. See product label for complete directions for use, claims, contact times, warnings, precautionary statements, first aid, and disposal.

EZ-Cleans Plus® Kit

The EZ-Cleans Plus® Kit is designed for addressing blood and body fluid spills, and provides essential personal protection items. Its focus on encapsulating and containing potentially infectious spills not only ensures a safer cleanup process but also minimizes the risk of employee exposure to infectious waste and cross-contamination. Each component of the kit is disposable for convenience.

This kit includes Red Z® Solidifier, a quick and efficient solution for solidifying blood and body fluids while eliminating odors.

What's included:

- 10 g Red Z® Solidifier
- Instructions
- Pair of Vinyl Gloves
- Paper Towel
- p.a.w.s.® Antimicrobial Hand Wipe
- Red Biohazard Bag (24" x 24")
- SaniZide Pro 1® Wipe
- Scoop/Scraper
- Twist Tie

Order No.	Container	Container Dimensions	Case Qty.	Case Wt.
17120	Plastic Bag	1" x 6.19" x 9.75"	24/case	5 lbs.
17121	Poly Bag	1" x 6.19" x 9.75"	24/case	5 lbs.

17120 does not contain a SaniZide Pro 1® wipe.

Blood and Body Fluid Spill Response

Single-Use

National Standard EZ-Cleans® Kit

Specifically tailored for the cleanup of blood and body fluid spills, the National Standard EZ-Cleans® Kit is a cost-effective alternative for workers who do not require full face and body protection. Compact and easy to use, all kit components are disposable.

This kit includes Red Z® Solidifier, a quick and efficient solution for solidifying blood and body fluids while eliminating odors.

What's included:

- 10 g Red Z® Solidifier
- Instructions
- Odor Mask
- Pair of Vinyl Gloves
- p.a.w.s.® Antimicrobial Hand Wipe
- Red Biohazard Bag (24" x 24")
- SaniZide Pro 1® Wipe
- Scoop/Scraper
- 2 Twist Ties
- White Disposal Bag

Order No.	Container	Container Dimensions	Case Qty.	Case Wt.
25000	Refill	1" x 6.19" x 9.75"	24/case	7 lbs.
25005	Hard Case	2.63" x 6.5" x 8.12"	12/case	10 lbs.
25006	Metal Case	2.5" x 5" x 8"	24/case	44 lbs.

Blood and Body Fluid Spill Response

Single-Use

Universal Precaution Compliance Kit

This kit is crucial due to the health risks associated with bloodborne pathogens like HBV, HCV, and HIV. It adheres to OSHA, CDC, and State Health Department standards, providing the necessary personal protection and cleanup tools. Perfect for a multitude of workplaces, including nursing homes, hospitals, schools, correctional facilities, and any business where job-related contact with blood is a potential risk.

This kit includes Red Z[®] Solidifier, a quick and efficient solution for solidifying blood and body fluids while eliminating odors.

What's included:

- 10 g Red Z[®] Solidifier
- Combo Mask/Safety Shield
- Identification Tag
- Instructions
- Pair of Vinyl Gloves
- p.a.w.s.[®] Antimicrobial Hand Wipe
- Protective Apron
- Red Biohazard Bag (24" x 24")
- SaniZide Pro 1[®] Wipe
- Scoop/Scraper
- Twist Tie

Blood and Body Fluid Spill Response

Single-Use

Order No.	Container	Container Dimensions	Case Qty.	Case Wt.
17100	Poly Bag	1" x 6.19" x 9.75"	24/case	6 lbs.
17102	Hard Case	2.63" x 6.5" x 8.12"	12/case	10 lbs.

EZ-Personal Protection Kit

This fully disposable kit offers comprehensive exposure protection against potentially infectious blood and body fluids. Designed for pandemic and infection control, this kit comprises a well-organized selection of personal protective equipment (PPE) to address potential exposure to infectious materials. Compact and easily storable, this kit can be safely disposed of after use, ensuring the highest safety and hygiene standards.

What's included:

- Combo Mask/Safety Shield
- Instructions
- Pair of Vinyl Gloves
- p.a.w.s.[®] Antimicrobial Hand Wipe
- Protective Gown
- Red Biohazard Bag (24" x 24")
- Twist Tie

Blood and Body Fluid Spill Response

Single-Use

Order No.	Container	Container Dimensions	Case Qty.	Case Wt.
17606	Plastic Bag	1" x 6.19" x 9.75"	24/case	10 lbs.

Formaldehyde Spill Response Kit

A convenient emergency response kit for medical personnel using formalin or other formaldehyde-containing substances. It is ideal for containing small-volume spills.

This kit includes FSC 1, a formalin spill control solidifier that aids in reducing the exposure to formaldehyde gas by immobilizing formalin and transforming it to an easily removable semi-solid mass.

Please Note: Not recommended to be used with 40% formalin or higher.

What's included:

- 4 Clear Disposal Bags (30" x 36")
- FSC 1 Spill Control (11 oz. Solidifier)
- Instructions
- Open Back Gown
- Pair of Nitrile Gloves
- Respirator
- 4 Scoop/Scrapers
- 4 Twist Ties
- Vented Goggles
- 3 Wiper Pads (11" x 11")

Order No.	Container	Container Dimensions	Case Qty.	Case Wt.
48625	Poly Bag	11.75" x 11.75" x 4.88"	1/case	4 lbs.
48630	Hard Case	14" x 12.625" x 5.375"	1/case	6 lbs.

*Need to stock up on formaldehyde solidifier?
See page 9 for FSC 1 Spill Control.*

Chemical Spill Response

Single-Use

Hazardous Drugs Spill Kit

In environments where meticulous precautions are paramount like compounding pharmacies and healthcare facilities handling Hazardous Drugs (HDs), such as cytotoxic drugs, Safetec's Hazardous Drugs Spill Kit serves as the primary defense against unexpected spills and exposures.

Any facility that handles HDs must have USP <800> compliant spill kits on-site. This requirement is part of USP General Chapter 800 and is an effort to protect workers and patients in the event of accidental spills of HDs.

What's included:

- 21 g Green-Z® Fluid Solidifier
- Caution Sign
- Chemotherapy Gown
- Full-Face Safety Shield
- Identification Tag
- Instruction Card
- Nitrile Chemotherapy Gloves
- Scoop/Scraper
- Shoe Covers, Non-Slip
- Twist Tie
- 2 Wiper Pads (11" x 11")
- Yellow Chemotherapy Waste Bag (20" x 13" x 39")

Order No.	Container	Container Dimensions	Case Qty.	Case Wt.
49725	Plastic Bag	2" x 8" x 14"	12/case	11 lbs.

Chemical Spill Response

Single-Use

Multi-Purpose Spill Kit

This comprehensive kit is your go-to solution for quick and efficient response to a variety of spills. Whether it's chemicals, body fluids, or other hazardous substances, this kit equips you with the essential tools for safe spill cleanup. Compact and easily accessible, it's ideal for a range of environments, from laboratories to workplaces.

Meets requirements for compliance with DOT 1713 hazardous discharge; EPA 623.30 immediate action and 263.31 discharge cleanup.

Universal Spill Response

Multi-Use

What's included:

- Acid Lock Solidifier (15 oz. Bottle)
- Alky Solidifier (15 oz. Bottle)
- Caution Tape Roll
- 3 Clear Disposal Bags (30" x 37")
- D.O.T. Incident Report Tag
- Drop Cloth
- Green-Z® Solidifier (15 oz. Bottle)
- Instructions
- Pair of Nitrile Gloves
- Petro Lock Absorbent (8 oz. Solidifier)
- Respirator
- 3 Scoop/Scrapers
- 3 Twist Ties
- Vented Goggles
- Zammie® Sewer Stopper (15" x 21")

Order No.	Container	Container Dimensions	Case Qty.	Case Wt.
15201	Hard Case	12" x 17.75" x 4.25"	1/case	11 lbs.

*Need to refill your solidifiers?
See Page 9 for our Spill Control products.*

Universal Spill Response

Multi-Use

Spill Leader Kit

This wall-mounted spill kit is designed for emergency response and hazardous lab spills. The solid solutions neutralize, stabilize, and solidify a variety of aqueous spills wherever they occur.

Meets requirements for compliance with DOT 1713 hazardous discharge; EPA 623.30 immediate action and 263.31 discharge cleanup.

What's included:

- Acid Lock Solidifier (5 oz. Bottle)
- Adhesive Wall Mount
- Alky Solidifier (5 oz. Bottle)
- D.O.T. Incident Report Tag
- Green-Z® Solidifier (5 oz. Bottle)
- 2 Hazardous Waste D.O.T. Labels
- 3 pairs of Nitrile Gloves
- 2 Non-Hazardous Waste D.O.T. Labels
- Petro Lock Absorbent (2 oz. Solidifier)
- Red Z® Solidifier (5 oz. Bottle)
- 6 Scoop/Scrapers
- 6 Zip Lock Bags (9" x 12")

Order No.	Container	Container Dimensions	Case Qty.	Case Wt.
15205	Wall-Mount	14.125" x 3.125" x 20.5"	1/case	5 lbs.

*Need to refill your solidifiers?
See Page 9 for our Spill Control products.*

5 Steps to Efficiently Contain and Remove Bloodborne Pathogen Spills

29 CFR 1910.1030 – Bloodborne Pathogens

Universal Precautions is an approach to infection control. According to the concept of Universal Precautions, all human blood and certain human body fluids are treated as if known to be infectious for HIV, HBV, and other bloodborne pathogens.

Step 1: Prevent

To prevent direct contact with the spill during the cleanup process and minimize the risk of infection, disposable protective clothing must be worn. This includes gloves, combo mask/safety shield, and a protective apron.

Step 4: Dispose

Discard the germicidal wipe, gloves, safety shield and apron into the **red biohazard bag** and dispose of it according to local, state, and federal regulations.

Step 2: Contain & Remove

To efficiently contain and remove the spill, a **solidifying agent** (Red Z[®]) and then a **scoop/scraper** should be used. The spill contents are to be disposed of into a **red biohazard bag**.

Step 5: Sanitize

Use an **antimicrobial hand wipe** (p.a.w.s.[®]) to sanitize hands, then use **soap** (SaniWash[®]) and water once the spill is contained and cleaned.

Step 3: Disinfect

To properly disinfect the contaminated surface area, use a **surface disinfectant wipe** (SaniZide Pro 1[®]). This step is critical for preventing further contamination.

Helpful Tips to Remain OSHA Compliant

- Think safety culture - not just compliance
- Compliance is the key to prevention
- Do not guess information or make assumptions
- Plan and prepare for an inspection ahead of time

For more information on OSHA 1910.1030 compliance, visit our [website](#).

Protect against exposure to bloodborne pathogens.

29 CFR 1910.1030 – Bloodborne Pathogens

Universal Precautions is an approach to infection control. According to the concept of Universal Precautions, all human blood and certain human body fluids are treated as if known to be infectious for HIV, HBV, and other bloodborne pathogens.

Following OSHA 29 CFR 1910.1030 is vital for protecting employees from serious health risks, ensuring legal compliance, fostering a safe work environment, and minimizing financial and legal liabilities for employers.

Under this compliance standard, when there is occupational exposure to blood and body fluids, employers are required to provide appropriate, readily accessible personal protective equipment (PPE) at no cost to employees. This PPE must prevent blood or other infectious materials from reaching employees' skin, clothes, eyes, mouth, or mucous membranes during normal use. Contaminated work surfaces must be decontaminated with an appropriate disinfectant after a spill cleanup. Additionally, a means to sanitize hands and other skin must be available, such as antiseptic wipes and soap.

Adhering to these standards not only promotes workplace safety but also helps prevent the transmission of infectious diseases.

Safetec can help!

With just one kit, the Universal Precaution Kit can help you remain compliant with the OSHA 29 CFR 1910.1030 Bloodborne Pathogens Standard.

Universal Precaution Compliance Kit

This kit is crucial due to the health risks associated with bloodborne pathogens like HBV, HCV, and HIV. It adheres to OSHA, CDC, and State Health Department standards, providing the necessary personal protection and cleanup tools.

Suitable for various workplaces, such as nursing homes, hospitals, schools, correctional facilities, and any business where job-related contact with blood is a potential risk.

This kit includes Red Z® Solidifier, a quick and efficient solution for solidifying blood and body fluids while eliminating odors.

What's included:

- 10 g Red Z® Solidifier
- Combo Mask/Safety Shield
- Identification Tag
- Instructions
- Pair of Vinyl Gloves
- p.a.w.s.® Antimicrobial Hand Wipe
- Protective Apron
- Red Biohazard Bag (24" x 24")
- SaniZide Pro 1® Wipe
- Scoop/Scraper
- Twist Tie

Spill Kit Extras

Elevate your spill control preparedness by having extra items on hand.

Clean Up Essentials

Ensure you are ready for unexpected accidents by maintaining a surplus of essential cleanup supplies like these.

Order No.	Description	Dimensions	Case Qty.	Case Wt.
17170	Scoop/Scraper	-	300/case	8 lbs.
2110122	Red Biohazard Bag	24" x 24"	500/case	16 lbs.
2110105	Red Biohazard Bag	33" x 39"	150/case	12 lbs.

Clean and Disinfect

After taking care of spills, cleaning and disinfecting contaminated areas and maintaining personal hygiene are important.

Order No.	Description	Size	Case Qty.	Case Wt.
13377	Instant Hand Sanitizer 0.9 g Pouch	144 ct.	12/case	7 lbs.
34400B	p.a.w.s.® Antimicrobial Hand Wipe	Bulk	5,000/case	42 lbs.
34810	SaniZide Plus® Germicidal Solution Spray Bottle	32 oz.	6/case	15 lbs.
35910	SaniZide Pro 1® Surface Disinfectant Spray Bottle	32 oz.	6/case	14 lbs.
34452	SaniWash® Antimicrobial Hand Wash	16 oz.	12/case	16 lbs.

Zorb Sheets

You never know when you may need additional absorption to control a spill. Stock up on Zorb Sheets to be prepared for the unexpected.

Order No.	Description	Bags	Case Qty.	Case Wt.
44001	S/S Zorb Sheets, Standard Absorbency, 3" x 3"	1,000 ct.	20/case	26 lbs.
44002	S/S Zorb Sheets, Standard Absorbency, 12" x 12"	-	500/case	11 lbs.
