

Grow your Business

Learn about our private labeling opportunities

Our diverse product line, and customized private label opportunities enable us to work within a wide variety of markets including hospitals, physician offices, long-term care facilities, emergency medical, correctional institutions, industrial facilities, transportation systems, schools, tanning salons, restaurants and etc. With the use of our toll-free number, our customers gain direct access to the experts, who can assist end users with detailed information about product usage and help distributors with any further questions.

For more information about our private label opportunities, call a Safetec® customer representative at **1-800-456-7077** or visit online at **www.safetec.com**

Companies hire Safetec® to bring safe and effective products to market, quickly.

With over 20 years of experience as a full-service, private label manufacturer, Safetec® has developed a team of highly qualified in-house experts to work directly with our customers. We offer a multitude of services under one roof that allows us to meet all of your product needs.

A smooth customer experience.

The team at Safetec follows exemplary quality control procedures when developing and manufacturing all products, and complies strictly with standard FDA and EPA regulations. Our private label products are also designed to assist you in compliance with OTC monograph requirements. With the help of our in-house chemistry lab, we have the ability to work with you to develop your own unique formula or private label one of our existing Safetec® products. When doing business with Safetec®, our private labeling process is a smooth customer experience, providing you with the products you need to help your business grow.

What some of our clients have been saying...

"We love the personalized service that we get from Safetec. Their products are exceptional and the pricing is very competitive. We know our customers love the quality and we love the value Safetec brings to us."

Debbie Hackett, Owner
By DeSign Products "Your Partner in First Aid"

"This type of customer service, and/or consideration for us as a company is exactly what I appreciate. What may seem like a small effort on your end in the marketing department was a BIG effort to help me."

Ross A. Marino, Chief Executive Officer
Raw Health International

"Our Sales Specialist has provided us with outstanding service. From product information and great pricing to customer specific solutions, Safetec has been by our side. Our customers appreciate the clean packaging design that is easy to read and use."

Laura Bomar
Meiners Medical & Safety
