

EZ-Cleans Plus® Kit

The EZ-Cleans Plus® Kit is designed for addressing blood and body fluid spills and provides essential personal protection items. Its focus on encapsulating and containing potentially infectious spills not only ensures a safer cleanup process but also minimizes the risk of employee exposure to infectious waste and cross-contamination. Each component of the kit is disposable for convenience.

Suitable for various environments, such as workplaces, nursing homes, hospitals, schools, correctional facilities, anywhere a first aid kit is present, and in any business where job-related contact with blood is a potential risk.

This kit includes Red Z® Solidifier, a quick and efficient solution for solidifying blood and body fluids while eliminating odors.
