Green-Z®

Fluid Solidifier

At times, workers may be unintentionally exposed to potentially infectious blood and bodily fluid spills along with other harmful substances such as toxic chemicals, mercury spills and chemotherapy agents. To help reduce those exposure risks, rely on Green-Z® for improved safety with spill cleanup. Green-Z® transforms liquids into a gel-like mass, providing a reliable and efficient solution. Green-Z® reduces the risks associated with improper spill cleanup, is user-friendly, eco-conscious, and trusted across industries. Available in single & multi-use bottles, single-use pouches, drop-in pacs, and buckets.

SPILL CONTROL

Chlorine-Free For Safe Use On Chemical Spills

Solidify Blood & Body Fluid Spills With Ease

*** Careful consideration should be given to chemical spill cleanup, i.e., room size, temperature, quantity and concentration(s) of the solution(s).

♦ Data is an approximation of values. Blood and urine solidification are based on the industry standard 0.9% NaCl saline solution.

Directions for Use

1. Wear Personal Protective Equipment (PPE)

Wear appropriate personal protective equipment when handling any kind of spill.

2. Sprinkle, Pour, or Drop in

Use the Green-Z® format best suited for your spill/fluid. Allow sufficient time for solidification to occur.

3. Remove Solidified Spill

Dispose of your solidified spill safely. For uncontained spills, use a scoop and scraper (or similar tool) and place in an appropriate container*.

4. Clean and Disinfect

Clean and disinfect contaminated areas after use and wash thoroughly.

OSHA Compliance 1910.1030 – Bloodborne Pathogens Standard

Universal Precautions is an approach to infection control. According to the concept of Universal Precautions, all human blood and certain human body fluids are treated as if known to be infectious.

Expiration Dating

Green-Z® is shelf stable and does not require an expiration date. In order for the product to remain shelf stable, it must be kept in a cool, dry place and in its original packaging. If contents are hard or compact, simply shake the product to loosen, before use.

*Dispose of infectious and hazardous waste in accordance with all local, state and federal regulations.
