First Aid Sprays

Stay Protected From Infection On-The-Go

Safetec's First Aid Line includes Cut & Scrape Spray, Burn Spray, Hydrogen Peroxide Spray, and Isopropyl Alcohol Spray; each is an essential addition to your first aid kit. These sprays are designed for fast and easy application.

Burn Spray provides immediate relief for first-degree burns from various incidents. Meanwhile, the Hydrogen Peroxide and Isopropyl Alcohol Sprays effectively disinfect cuts and scrapes, preventing cross-contamination and ensuring a clean and safe environment during wound care.

Safetec's Cut & Scrape Spray effectively cleans and protects minor injuries, preventing infection and promoting optimal healing. Designed to be a National Brand Equivalent (NBE), it matches the quality, performance, and effectiveness of the most recognized national brands while also meeting the American National Standard (ANSI) minimum requirements for workplace first aid kits and supplies (Z308.1-2021 - Section 6.5: Antiseptic).

Ideal for:

- Abrasions
- Blister Protection
- Burns
- Cuts
- Minor Skin Irritations
- Minor Wounds
- Scrapes
- Sunburn Blisters
