

# National Standard EZ-Cleans® Kit

Specifically tailored for the cleanup of blood and body fluid spills, the National Standard EZ-Cleans® Kit is a cost-effective alternative for workers who do not require full face and body protection. Compact and easy to use, all the kit components are disposable and refills are available. Whether for work vehicles, buses, or on-site use, this kit provides a practical and economical solution.

Suitable for various environments, such as workplaces, nursing homes, hospitals, schools, correctional facilities, anywhere a first aid kit is present and in any business where job-related contact with blood is a potential risk.

This kit includes Red Z® Solidifier, a quick and efficient solution for solidifying blood and body fluids while eliminating odors.
