Oral Pain Relief

Formulated with Benzocaine for Pain Relief

Experience rapid relief from oral discomfort with Safetec Oral Pain Gel. Formulated with Benzocaine and refreshing peppermint flavor, this specialized gel swiftly numbs and alleviates pain caused by toothaches, canker sores, dental work, cheek bites, denture irritation, and other mouth or gum irritations.

Our Oral Pain Gel aligns with the American National Standards (ANSI Z308.1-2021 – Section B2: Supplemental First Aid Supplies), which outlines additional items that may be appropriate depending on the specific needs of a workplace. Designed as a National Brand Equivalent (NBE), it delivers the same quality, performance, and effectiveness as the most recognized national brands.

Available in 144 ct. cartons containing convenient single-use pouches, Safetec’s Oral Pain Gel ensures hassle-free application while preventing cross-contamination. This adaptable packaging option allows for swift relief anytime, anywhere, making it an ideal choice for immediate oral pain relief.

Ideal for:

- Braces
- Canker Sores
- Cheek Bites
- Dental Work & Irritation
- Gum Pain
- Inflamed Gums
- Mouth Ulcers
- Oral Surgery Recovery
- Toothaches
- Wisdom Teeth Pain

Please Note:

These products are intended for temporary relief of minor oral pains and discomfort. Always consult a medical professional.
