

SAFETEC IS YOUR NATIONAL BRAND EQUIVALENT (NBE)

BRING PRODUCTS TO MARKET QUICKLY AND EFFICIENTLY

You can trust in Safetec of America when searching for a full-service national brand equivalent manufacturer for your products. Safetec has over 25 years of experience and a team of highly qualified in-house experts to work directly with you from start to finish in the creation process. Our mission is to ensure the best possible experience for our customers.

Develop your unique formula or national brand equivalent with one of our existing Safetec products.

A SMOOTH CUSTOMER EXPERIENCE

The team at Safetec follows exemplary quality control procedures when developing and manufacturing all products, and complies strictly with standard FDA, OSHA and EPA guidelines, and we are GMP certified. Our national brand equivalent products are also designed to assist you in compliance with OTC monograph requirements. With the help of our in-house chemistry lab, we can work with you to develop your unique formula or national brand equivalent one of our existing Safetec products.
