

From *Mind to Market*, Safetec gets **YOU** there.

As a full-service contract manufacturer, our mission is to guide our partners in developing and launching their private label brands by offering in-house services from formulation to packaging, helping them bring their ideas from Mind to Market.

Commitment to Quality

We take your specific needs to heart and offer flexible order minimums & lead times. Our commitment to quality and innovation has helped us become a top supplier of private-label healthcare, first aid, personal care products, and more!
