**RE: Products without expiration dating**

As per the FDA, Code of Federal Regulations, listed below is paragraph (h), which applies to Safetec hand sanitizer and p.a.w.s® antimicrobial wipes. These two human OTC antimicrobial hand cleaners do not have dosage limitations and our products are stable for 3 years supported by our stability data.

TITLE 21--FOOD AND DRUGS

SUBCHAPTER C--DRUGS: GENERAL

CHAPTER I--FOOD AND DRUG ADMINISTRATION DEPARTMENT  
OF HEALTH AND HUMAN SERVICES

[PART 211 -- CURRENT GOOD MANUFACTURING PRACTICE FOR FINISHED PHARMACEUTICALS](#)

Subpart G--Packaging and Labeling Control

Sec. 211.137 Expiration dating.

(h) Pending consideration of a proposed exemption, published in the Federal Register of September 29, 1978, the requirements in this section shall not be enforced for human OTC drug products if their labeling does not bear dosage limitations and they are stable for at least 3 years as supported by appropriate stability data.

**RE: Ammonia towelette**

Safetec's ammonia towelette contains no drug facts and is not intended to diagnose, treat, cure, or prevent any disease or health condition. Because Safetec's ammonia towelettes are not drug products, there is no regulatory requirement for expiration dating.

**What Safetec does say about our Ammonia products:**

**Directions For Use:**

Tear open and wave pouch under nostrils. Do not remove pad from pouch.

**Warning:**

For external use only. Flammable, keep away from fire or flame. The safety of this product has not been determined. If swallowed, get medical help or contact Poison Control Center right away. Do not use in large quantities, on skin, or in eyes.

**Ingredients:**

Ammonia, ethanol, purified water

**Caution:**

Keep Out Of Reach Of Children.
