

Fast-Acting

Deodorizes

No Splashing

## Red Z®

### Fluid Solidifier

First developed by Safetec in the late 1980s, Red Z® Solidifier was used to help prevent infection during the AIDS epidemic. Unexpected spills can occur anytime and anywhere, regardless of the industry. Red Z® transforms liquids into a gel-like mass, providing a reliable and efficient solution for managing minor blood and body fluid spills. Red Z® reduces the risks associated with improper spill cleanup, is user-friendly, eco-conscious, and trusted across industries. Available in single & multi-use bottles, single-use pouches, drop-in pacs, and buckets.

- Contains super absorbent polymers (SAPs)
- Easy-to-use
- Eliminates splashing and aerosolization
- Fast-acting
- For potentially infectious blood and body fluid
- Shelf-stable in a cool, dry place

#### Ideal for use in:

- Correctional Facilities
- Healthcare & Laboratories
- Industrial & Manufacturing
- Occupational Health & Safety
- Restaurants
- Schools
- Transportation

1 oz. (approx. 30 cc) : 1 L (1,000 cc)\*

\*1 oz. solidifies 1 L of water-based fluid

# SPILL CONTROL

With Chlorine — To Deodorize

Solidify Blood & Body Fluid Spills With Ease

\*Data is an approximation of values. Blood and urine solidification are based on the industry standard 0.9% NaCl saline solution.

\*Dispose of infectious and hazardous waste in accordance with all local, state and federal regulations.

## Directions for Use

### 1. Wear Personal Protective Equipment (PPE)

Wear appropriate personal protective equipment when handling any kind of spill.

### 2. Sprinkle, Pour, or Drop in

Use the Red Z® format best suited for your spill/fluid. Allow sufficient time for solidification to occur.

### 3. Remove Solidified Spill

Dispose of your solidified spill safely. For uncontained spills, use a scoop and scraper (or similar tool) and place in an appropriate container\*.

### 4. Clean and Disinfect

Clean and disinfect contaminated areas after use and wash thoroughly.

**OSHA Compliance 1910.1030 – Bloodborne Pathogens Standard**

Universal Precautions is an approach to infection control. According to the concept of Universal Precautions, all human blood and certain human body fluids are treated as if known to be infectious.

### Expiration Dating

Red Z® is shelf stable and does not require an expiration date. In order for the product to remain shelf stable, it must be kept in a cool, dry place and in its original packaging. If contents are hard or compact, simply shake the product to loosen, before use.

*\*Dispose of infectious and hazardous waste in accordance with all local, state and federal regulations.*
