**RE: Safetec First Aid & Burn Cream Specification Update**

The following specification for Safetec First Aid & Burn Cream has been updated to align with current Good Manufacturing Processes.

ASSAY	LABEL CLAIM	PREVIOUS SPECIFICATION	UPDATED SPECIFICATION
Benzalkonium Chloride	0.13% w/w	0.113-0.138% w/w	0.117-0.143% w/w

This update pertains to the following item numbers:

- 53404
- 53405
- 53410

The production processes and label claims of the product have remained the same. Safetec of America is committed to providing quality, American-made products that meet the ever-evolving regulatory requirements.
