Disinfectant

# SaniZide Plus<sup>®</sup> Germicidal Wipes

Kills 99% of Bacteria<sup>#</sup>

SaniZide Plus<sup>®</sup> is a one-step<sup>^</sup> germicidal<sup>l</sup> cleaner and deodorant designed for general cleaning, and disinfecting of hard, non-porous inanimate surfaces. Quickly remove dirt, grime, food residue, blood and other organic matter commonly found in health care facilities. It also eliminates odors leaving surfaces smelling clean and fresh. When you reach for a SaniZide Plus<sup>®</sup> Wipe, you get a wipe with a non-abrasive formula designed for daily use. This product is effective against 48 microorganisms on hard non-porous surfaces. (See table for exact kill times.)

SaniZide Plus<sup>®</sup> wipes align with the American National Standard (ANSI Z308.1-2021 – Section B2: Supplemental First Aid Supplies for Consideration), which outlines additional items that may be appropriate depending on the specific needs of a workplace.

Our disinfectant wipes deliver the same proven protection as our spray in a convenient, individually wrapped wipe. The bulk option is ideal for kit packers or for having it on hand for quick disinfecting in an emergency.
