## First Aid Antibiotic Ointment

### Three Ways To Stay Protected From Infection

Prevent infection and promote healing with Single Antibiotic Ointment with Bacitracin, Single Antibiotic Ointment with Neomycin, or the potent Triple Antibiotic Ointment. These ointments effectively combat harmful bacteria, providing a protective layer and aiding in the swift recovery of minor cuts, burns, and scrapes. Their targeted application ensures instant relief, fostering healing while preventing infection and bacterial spread.

Available in convenient single-use pouches, our Antibiotic Ointments feature easy application and provide on-the-spot relief. Offered in multiple sizes and packaging configurations like 25 ct. and 144 ct. cartons, which are perfect for first aid kits or as a standalone. Our single-use bulk pouches and tubes are perfect for kit packers or on the go.

#### Ideal for:

- Abrasions
- Blister Protection
- Burns
- Chafing
- Cuts
- Minor Skin Irritations
- Minor Wounds
- Post-Surgical Care
- Scrapes
- Sunburn Blisters

#### Please Note:

These products are intended for the relief of minor skin injuries such as cuts, scrapes, and burns. Always consult a medical professional.
