

Safetec® is committed to providing your company with a Universal Precaution Compliance kit that is able to assist in the compliance of OSHA recommended and mandated standards related to healthcare.

OSHA Standard Related to Healthcare

29 CFR 1910.1030 – Bloodborne Pathogens

Universal Precautions is an approach to infection control. According to the concept of Universal Precautions, all human blood and certain body fluids are treated as if known to be infectious for HIV, HBV and other bloodborne pathogens.

Safetec® Kit to Help in OSHA Standard Compliance (1910.1030)

Universal Precaution Compliance Kit

This U.P. Compliance Kit combines personal protection and clean-up items mandated by OSHA, CDC and State Health Departments to aid in the clean-up, transportation and disposal of potentially infectious blood or body fluid spills.

Order No.	Description	Case Qty.
